**PREFACE**

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

Rettikhovka Ordnance Depot is located in a wooded area approximately 23 kilometers (km) east of Manzovka (Figure 1).

25X1A Possibly associated installations in the vicinity include Buyanki Ammunition Depot RR Station [REDACTED] located 9 km north-east, and Buyanki Chemical Service Depot (BE 25X1A [REDACTED]/Buyanki Ammunition Depot RR 25X1A South [REDACTED] located 11 km east.

The installation is double secured and covers approximately 490 acres. It includes a storage area surrounded by a firebreak and a support area located 500 meters north. The storage area contains 63 storage buildings, 13

support buildings, 2 revetted buildings, 1 guardhouse, and 3 guard posts. The support area contains 1 administration building, 4 barracks, 2 storage buildings, 12 support buildings, a motor park, a vehicle maintenance building, and an athletic field. A possible underground storage facility is immediately east of the main storage area (Figures 2 and 3).

The area was covered by [REDACTED] KEYHOLE missions between [REDACTED]. Comparative analysis reveals no significant change in facilities and a constant level of activity throughout the period.

## DESCRIPTION OF INSTALLATION

### Railroad Service

A spur from the single-track Manzovka-Arsenyev rail line serves the northeastern edge of the storage area.

### Road Service

A probably all-weather secondary road connects the installation with Rettikhovka.

### Administration and Troop Housing Area

Area D contains 1 administration building, 4 barracks, 2 storage buildings, and 12 support buildings. Track activity throughout the installation indicates probable occupancy of all buildings. The level of activity has remained medium-to-heavy throughout the period.

### General Storage Area

Area E contains 62 storage buildings (12 dispersed along loop roads), 13 support build-

ings, 2 revetted buildings, 1 guardhouse, and 3 guard posts. Medium track activity was observed only in the vicinity of the rail spur. Light activity was observed in the remaining area.

### Equipment Storage/Maintenance Area

Area J contains a 195- by 160-foot motor park and a 160- by 55-foot vehicle maintenance building.

### Athletic Field

Area K is an athletic field.
